

CARRIER ASSEMBLIES & KITS CORE-FREE

PRODUCT SUMMARY

New Carrier Assemblies

AxleTech® International New Differential Carrier Assemblies are Core-Free. We offer a complete line of new carriers and you keep the core. Our wide range of coverage for off-highway and on-highway applications is manufactured with all new carrier shells and gearing. And we stand behind every one of our products with a comprehensive one-year warranty. AxleTech carriers are the perfect answer to replenish your core bank needs, assist with sporadic rebuild demands, and quickly satisfy unit-down customer demands. Get AxleTech carriers and build a solid advantage.

More options. More flexibility.

From capscrews to carriers, and everything in between; that's our game. AxleTech offers new carriers – completely assembled. We also offer you the flexibility of ordering a Carrier Kit; everything you need to build a new carrier, except the labor. With our comprehensive inventory of carrier assemblies, kits, and individual components – you can count on us for all of your differential needs.

From capscrews to carriers, and everything in between, AxleTech has the parts you need.

MAJOR AND MINOR KITS

Major Kit

AxleTech Major Kits come complete with everything you need to cost-effectively assemble a new carrier in house. It's a carrier-in-a-box; everything you need in one place.

- New differential carrier shell
- All components included, except shims and spacers
- Saves you time and money — Assemble as needed.
- Part Numbering is easy: Model + Ratio + "KIT" (i.e., RD20145373KIT)

Minor Kit

AxleTech Minor Kits give you the flexibility and advantage of customizing carriers on demand. Pre-assemble the minor kit, then complete with specific ring and pinion to fulfill each customer's needs.

- NRP – No Ring and Pinion; Gear Sets available separately
- Available in Slow, Medium, Fast, and Very Fast speeds
- Quickly respond to customer demands by pre-assembling minor kits
- Part Numbering is easy: Model + Speed (i.e., RD20145M for Medium)

**AxleTech also covers the most popular 145 and 160 carrier models.
 With flexible inventory options and EASY part numbering!**
