

OVERVIEW

AxleTech's heritage dates back over 100 years as the former Specialty Off Highway Division of Rockwell International. We specialize in the design, development, and manufacturing of heavy-duty drivetrain systems for a range of commercial and defense vehicles. The AxleTech M800/900 bolt-on wheel end kit is specifically designed for front or rear Rockwell 2.5 or 5-ton type axles (FM type axles). The M800/900 wheel end kit provides the ultimate quality and performance off-road.
